

Let's support Eritrean Refugees.

To all concerned Eritreans

Please let's all get together to update ourselves with the situation of Eritrean refugees in Ethiopia and support the many humanitarian projects- from school kids to supplying clean water, from providing dental care (Star for Star project) to helping Eritrean refugees with diabetes, HIV positive and disabilities- coordinated by ERDA (Eritrean Relief and Development Association).

ERDA's project manager Mr. Kaysay Yehdego will be in DC on Saturday April 7th, from 1pm to 6pm. The meeting will be held at [1816 12th st. NW](#). Washington DC 20009. Please come on time. There is a free parking available if you arrive before 1pm.

Thanks
